

## **6Hx19-6.08 DEFERMENT OF FEES FOR VETERANS**

The purpose of this Board Rule is to establish Board policy for the deferment of fees for Veterans.

A veteran or other eligible student who receives benefits under Title 38 U.S. Code, Chapters 30, 31, 33, 35, and Title 10 U.S. Code Chapter 1606 is entitled to one deferment each academic year and an additional deferment each time there is a delay in the receipt of benefits.

All such deferments shall start with the first day of classes and are valid for 60 calendar days. If the session is less than 60 calendar days, the deferment shall be limited to 10 calendar days prior to the last day of the term. An exception will be made for a veteran who enrolls in consecutive mini-terms. In this case, the 60-day deferment will extend into the second consecutive mini-term.

Each veteran who receives a deferment shall first execute, as principal, a Veteran's Deferred Payment Agreement (SVA-2). Upon the veteran's request, an additional extension may be granted if there is a delay in certification and or Veterans Administration processing that affects receipt of benefits.

The additional extension shall be for 30 calendar days from the due date of the initial deferment from Term I, Term II, Term III, or consecutive mini-terms, provided the deferment does not extend to 10 calendar days prior to the last day of the term.

Veterans who fail to meet their financial obligations will have a "hold" placed on their records and will not be allowed to re-register or receive transcripts until their deferments are paid.

No deferment shall be granted to an eligible person who has received advanced or prepaid benefits or who is receiving continued benefits.
