

6Hx19-6.07 EXEMPTIONS AND STUDENT FEE WAIVERS

The purpose of this Board Rule is to establish Board policy regarding exemptions and student fee waivers.

Exemptions are provided for certain students who are, by statutory definition, exempt from the payment of tuition and fees, including lab fees. Exemptions are primarily defined in section 1009.25 Florida Statutes. The president shall establish procedures for processing and documenting these exemptions.

A waiver occurs when a student has his or her fees, which would otherwise be due, waived by the College. The Board may authorize the waiver of student fees in accordance with federal and state statutes and the Florida Administrative Code. When student fee waivers are authorized by the Board, a list of persons for whom fees are waived, documentation supporting the waivers, and the amount of fees waived shall be maintained. The president shall establish procedures for processing and documenting these waivers.
