

6Hx19-9.03 PERFORMANCE MANAGEMENT AND CORRECTIVE ACTION

The purpose of this Policy is to establish a rigorous evaluative process to hold charter schools sponsored by Pasco-Hernando State College (College) accountable for student outcomes. Each sponsored charter school shall meet the academic goals and performance expectations established in the charter contract and applicable state and federal frameworks.

The College's oversight of each school's academic performance shall prioritize outcomes over prescribed methods. The College shall hold each school accountable for student outcomes, ensuring that student academic achievement is the most important factor in its evaluation.

When a school is not meeting performance expectations, or is in violation of its charter contract, the College, or its designee, shall initiate a structured intervention process. The College may require the school to develop a corrective action plan or school improvement plan as dictated by the circumstances.

All enforcement actions shall be proportionate to the severity and frequency of any identified deficiencies, and in accordance with Florida law. Persistent failure to meet corrective action requirements or academic goals may result in heightened monitoring and/or formal notices of contract violations.

Procedures

The College is responsible for and authorized to adopt procedures necessary for implementing this Policy.

Rule Initially Adopted: 7/21/2026

Revision Dates: 7/21/2026
